

# Membership Application

## Oregon Small Woodland Association (OSWA)

OSWA Memberships can have up to three names associated with a membership as long as they all live at the same address. Please list all family members you wish to be listed as members. All members listed have voting rights. Annual dues are based on the size of one's forested property or there is also an Associate category for members who do not own forestland. Annual renewals are in January of each year.

As a member, each year you will receive four Oregon Forest Family News (OSWA's joint newsletter with the Oregon Tree Farm System), four NW Woodlands magazines, and your local chapter newsletters. If you wish to receive newsletters from other chapters than the one you designate as your assigned chapter, you may join additional chapters for an additional \$13 per chapter. You will become an official member of that chapter and be eligible for all the chapter benefits associated with that chapter's activities. Please provide all the requested information.
