along

beautiful, winding, Scotts Valley Rd

Walk along a historic wagon road that winds through the property and a 100-year-old log cabin built by the original homesteader. Marlo, a longtime resident of the area will be present to give a history of the property. Glen and Sharnie Crouch and Glen’s sister, Kathy Pedersen, have owned the property for 2 years.

There is a large garden/orchard near the house to tour for those who do not feel they can make a longer walk. The tour will follow a historic wagon road and circle the central portion of the property with many beautiful views and a shortcut back to the house for those who get tired. Wear sturdy shoes, and dress for weather conditions.

Bring a casserole, salad, or dessert to share, and a chair. Water and table service provided by DSWA
